ORLANDO SCHWARTZ

Another Man's War

Bloomsbury Publishing
Desmond Meade was chosen as a MacArthur Fellow in 2021 The inspiring and eye-opening true story of one man's undying belief in the power of a fully enfranchised nation. "You may think the right to vote is a small matter, and if you do, I would bet you have never had it taken away from you." Thus begins the story of Desmond Meade and his inspiring journey to restore voting rights to roughly 1.4 million returning citizens in

Florida—resulting in a stunning victory in 2018 that enfranchised the most people at once in any single initiative since women's suffrage. Let My People Vote is the deeply moving, personal story of Meade's life, his political activism, and the movement he spearheaded to restore voting rights to returning citizens who had served their terms. Meade survived a tough childhood only to find himself with a felony conviction. Finding the strength to pull his life together, he graduated summa cum laude from college, graduated from law school, and married. But because of his conviction, he was not even allowed to sit for the

bar exam in Florida. And when his wife ran for state office, he was filled with pride—but not permitted to vote for her. Meade takes us on a journey from his time in homeless shelters, to the exhilarating, joyful night in November of 2018, when Amendment 4 passed with 65 percent of the vote. Meade's story, and his commitment to a fully enfranchised nation, will prove to readers that one person really can make a difference. [Our Battle, Being One Man's Answer to My Battle, by Adolf Hitler](#) New York, A. A. Knopf
GANG OF ONE is the remarkable true story of one man's journey from a Glasgow orphanage to a notorious gang-infested

prison in Texas. Driven by his desire to return to his son in England and haunted by the increasingly frustrating search for his missing daughter, Gary Mulgrew attempts the impossible task of surviving the prison's gang culture. Told with wit and humanity, *GANG OF ONE* shows a man constantly confronted by the moral and physical challenges of prison life, where everyone is encouraged to turn their back and 'see nuthin'. Gary's choice - to walk away and let a man die, or intervene and lose the chance to get home - makes *GANG OF ONE* a book as unforgettable as it is enthralling.

Why We Fight Beacon Press

Shortlisted for the William Saroyan International Prize for Writing A physical and philosophical meditation on why we are drawn to fight each other for sport, what happens to our bodies and brains when we do, and what it all means Anyone with guts or madness in him can get hit by someone who knows how; it takes a different kind of madness, a more persistent kind, to stick around long enough to be one of the people who does the knowing. Josh Rosenblatt was

thirty-three years old when he first realized he wanted to fight. A lifelong pacifist with a philosopher's hatred of violence and a dandy's aversion to exercise, he drank to excess, smoked passionately, ate indifferently, and mocked physical activity that didn't involve nudity. But deep down inside there was always some part of him that was attracted to the idea of fighting. So, after studying Muay Thai, Krav Maga, Brazilian jiu-jitsu, and boxing, he decided, at age forty, that it was finally time to fight his first—and only—mixed martial arts match: all in the name of experience and transcending ancient fears. An insightful and moving rumination on the nature of fighting, *Why We Fight* takes us on his journey from the bleachers to the ring. Using his own training as an opportunity to understand how the sport illuminates basic human impulses, Rosenblatt weaves together cultural history, criticism, biology, and anthropology to understand what happens to the human body and mind when under attack, and to explore why he, a self-described "cowardly boy from the suburbs," discovered so much

meaning in putting his body, and others', at risk. From the psychology of fear to the physiology of pain, from Ukrainian shtetls to Brooklyn boxing gyms, from Lord Byron to George Plimpton, *Why We Fight* is a fierce inquiry into the abiding appeal of our most conflicted and controversial fixation, interwoven with a firsthand account of what happens when a mild-mannered intellectual decides to step into the ring for his first real showdown.

One Man's War

HarperCollins

Dirty Water is the riveting story of how Howard Bennett, a Los Angeles schoolteacher with a gift for outrageous rhetoric, fought pollution in Santa Monica Bay--and won. The story begins in 1985, when many scientists considered the bay to be one of the most polluted bodies of water in the world. The insecticide DDT covered portions of the sea floor. Los Angeles discharged partially treated sewage into its waters. Lifeguards came down with mysterious illnesses. And Howard Bennett happily swam in it every morning. By accident, Bennett learned that Los Angeles had applied for a waiver from

the Clean Water Act to continue discharging sewage into the bay. Incensed that he had been swimming in dirty water, Bennett organized oddball coalition to orchestrate stunts such as wrapping brown ribbon around LA's city hall and issuing Dirty Toilet Awards to chastise the city's administration. This is the fast-paced story of how this unusual cast of characters created an environmental movement in Los Angeles that continues to this day with the nationally recognized Heal the Bay. Character-driven, compelling, and uplifting, Dirty Water tells how even the most polluted water can be cleaned up-by ordinary people.

Dirty Water Hodder
The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional

Globe (1833-1873)
One Man's America Crown Forum

Seven years ago, a star died in a distant part of the galaxy, sending its deadly gamma rays towards Earth. When the rays reached our planet, they killed virtually all of the human population overnight, leaving only a handful of survivors. Sergeant major Tim Flannery was left to fend for himself in a dead and decaying world. He thought he'd fought his last battle for humanity on the atoll of Volivoli. Now he only wants to be left in peace, with his new family and a growing new society in northern Arizona. But he faces another battle. A new evil has risen from the ashes of a dead United States, threatening to take what little he has left and destroy his small enclave. Flannery must again take up arms to preserve what little sanity is left in a world gone mad.

One Man's Island St. Martin's Press
The true story of one man's reluctant but relentless war against the invaders of his country. A quiet, wealthy plantation owner, Jack Hinson watched the start of the Civil War with disinterest. Opposed to secession and

a friend to Union and Confederate commanders alike, he did not want a war. After Union soldiers seized and murdered his sons, placing their decapitated heads on the gateposts of his estate, Hinson could remain indifferent no longer. He commissioned a special rifle for long-range accuracy, he took to the woods, and he set out for revenge. This remarkable biography presents the story of Jack Hinson, a lone Confederate sniper who, at the age of 57, waged a personal war on Grant's army and navy. The result of 15 years of scholarship, this meticulously researched and beautifully written work is the only account of Hinson's life ever recorded and involves an unbelievable cast of characters, including the Earp brothers, Jesse James, and Nathan Bedford Forrest.

Freedom Fighter

Actor Richard Beale was a young officer in the Royal Navy during the Second World War. In the summer of 2014, he sat down to write a memoir of that time, now more than 70 years ago. The result is an engaging and often humorous account of his wartime service in the

Royal Navy, from just prior to joining up until his demobilisation and subsequent return to civilian life. During his naval career, Richard rose from a humble rating to become commander of a series of coastal patrol craft, the last of which was HMS ML 135, sailing one from the UK to Malta and latterly covering the Royal Navy's campaign in Greek and Croatian waters, including minesweeping duties. His story includes accounts of a number of key engagements, including one in which he was badly wounded, and encounters with Greek bandits and British spies. But it is not simply a naval memoir, as he also recalls memories of love affairs, special friendships and the enduring companionship of his beloved spaniel, Simon, who accompanied him in the initial stages of his career.

Let My People Vote

In the face of corporate bullies, one lawyer's passion and persistence paid off. Bullied as a Jewish kid in the hardscrabble neighborhoods of Chicago, Mike Burg had to learn how to fight at a young age. As an adult who started his own law

firm from scratch that fire—and understanding of the underdog—still burns and makes him one of America's top trial lawyers fighting for consumers' rights. In *Trial by Fire: One Man's Battle to End Corporate Greed and Save Lives*, read about Burg's unwavering personal constitution to stand up for the weary, the weak, and the downtrodden at all costs. Follow the justice as he takes on a negligent gas company and wins not only financial settlement for victims but dramatic changes to a city's pipelines to save thousands of lives. Cheer him on as he leads hundreds of individuals against companies shilling drugs such as Fen-Phen, Yaz, Zyprexa, and Pradaxa. Empathize with him as he fights an eight-year battle against UBS Warburg for knowingly selling risky mortgages to investors before collecting compensation. Root him on as he files a sweeping action against 28 California wineries to force them to stop selling toxic wine contaminated with arsenic. Representing everyone from the Little Rascals to Ralph Tamm in the first NFL steroid case, Burg has lived a thousand lives.

Trial by Fire shows that, like with every victory in the courtroom, he doubles down for the next adventure. Performing stand-up comedy alongside Roseanne Barr, golfing with Michael Jordan, and attending President George W. Bush's inauguration with President Bush's father, Burg has a story to tell. His undeniably explosive personality and inspiring tale—complete with theatrics, eccentricities, excitement, humor, and maybe just a hint of craziness—will make you laugh, leave you in disbelief, and, most of all, inspire you.

Be very careful about what you wish for... Sergeant Major Tim Flannery's personal life is in shambles. Just home from his sixth combat tour in Afghanistan, His wife has left him, his house is in foreclosure, and he feels like his entire world has disintegrated. With almost thirty years' military and civilian police experience, he's always been able to make the right decisions in tight spots, but waking to find he's the sole survivor, after the entire Earth's population is dead from

an unknown calamity from the cosmos, he's at a loss. Or is he? Follow him across a Continent, and then an Ocean, to find his fate, to see if one man can change the world, make a difference, make the hardest decision of his life, and save humanity once and for all...

Jehovah's War Against False Gods Permuted Press

One of the most elite educational institutions in the world, the Air Force Academy has, from its inception, attracted the best and the brightest, producing leaders not only in the military but throughout American society. In recent years, however, the Academy has also been producing a cadre of zealous evangelical Christians intent on creating a fundamentalist power base at the highest levels of our country. With God on Our Side is shocking exposé of life inside the United States Air Force Academy and the systematic program of indoctrination sanctioned, coordinated, and carried out by fundamentalist Christians within the U.S. military. It is also the story of Michael L. Weinstein, a proud Academy graduate and

the father of two graduates and a current cadet, who single-handedly brought to light the evangelicals' utter disregard of the constitutional principle of separation of church and state that is so essential to the nation's military mission. Weinstein's war would pit him and his small band of fellow graduates, cadets, and concerned citizens against a program of Christian fundamentalist indoctrination that could transform our fighting men and women into "right-thinking" warriors more befitting a theocracy. In the process, he would come face to face with religious bigotry and at its most extreme and fight an unrelenting battle to save his beloved Academy, the ideals it stood for, and the very future of the country. An important book at a critical time in our nation's history, With God on Our Side is the story of one man's courageous struggle to thwart a creeping evangelism permeating America's military and to prevent a taxpayer-funded theocracy in which only the true believers have power.

One Man's War Simon and Schuster

This is a true story about what George Konaf thought about the truth of the Vietnam War before he would die of Agent Orange. He now walks with a cane for support. He wanted to tell you how the PX and the man who ran the Army, who was in charge of the whole Army, and every Marine, and Air Force, the general who assisted the president of the US, and how crooked he was, and all the other generals who made millions from every war. In my mind, all of them didn't care for the people of the US. What made me sick was that some of these kids went to war, but only a few actually went. The general and commander never told the US how Vietnam's Agent Orange kills, desert wars had bad effects on the soldiers, and uranium was the only weapon that would kill the enemy (Afghanistan) and other enemies that fought in the desert. They never told the soldiers of each war that within two to three years, they would be impotent for the rest of the lives. I, George Konaf, have been impotent now for thirty years, and in my mind, I should have been killed in Vietnam. But now, I am glad I was not and can tell the true story

of these men, high ranking, and millionaires. The crooks who run this country. At last, I am writing to die. I am getting weaker every day, and now I need a cane to hold me up. If I had to do it again, I would, for my country and for my fellow Americans who are living here. I am a true American. And now that I told my story, I am ready to die.

Journal of the Royal Aeronautical Society

Pelican Publishing

The author describes his life and transformation from a gang member to a missionary who, with a small militia, has devoted his life to saving children in the Sudan.

One Man's Island / One Man's War

Univ of California Press

Escaping certain death—not once but several times—lies at the core of the riveting, real-life story of an American soldier during World War II. In *One Man's War: The WWII Saga of Tommy LaMore*, a B-17 pilot vividly details his experiences in war-ravaged Germany, from the horrific to the romantic and beyond. LaMore's saga began when his plane collided with another B-17 above France and went down.

He then entered the French Resistance, where he employed his knowledge of explosives to bomb German operations. After an informant turned him in, he faced a death sentence and was sent to a Polish death camp. LaMore endured the camp's gruesome conditions and eventually escaped, just days before the Germans machine-gunned every man in the camp.

LaMore's love story unfolds as he describes liberating a women's slave labor camp and instantly falling in love with one of the detainees. LaMore chopped off her hair, dressed her like a man, and freed her from the camp. After just three days together, the couple agreed to marry once Rosa checked on her family's well being in Poland. They jumped separate trains and never saw each other again. Years later, LaMore learned that Rosa had become a freedom fighter against the Communists and had been executed. Intrigue, passion, and loss imbue LaMore's fascinating tale and make *One Man's War* a compelling read not only for history aficionados and WWII scholars but also for those who are fascinated

by the bittersweet nature of love in times of war.

Congressional Record

Simon and Schuster

A quiet, unassuming, and wealthy plantation owner, Jack Hinson was focused on his family life and seasonal plantings when the Civil War started to permeate the isolated valleys of the Kentucky-Tennessee border area where he lived. He was uniquely neutral--friend to both Confederate and Union generals--and his family exemplified the genteel, educated, gracious, and hardworking qualities highly valued in their society. By the winter of 1862, the Hinsons' happy way of life would change forever. Jack Hinson's neutrality was shattered the day Union patrols moved in on his land, captured two of his sons, accused them of being bushwhackers, and executed them on the roadside. The soldiers furthered the abuse by decapitating the Hinson boys and placing their heads on the gateposts of the family estate. The Civil War, now literally on Hinson's doorstep, had become painfully personal, and he could remain dispassionate no longer. He commissioned a special rifle, a heavy-barreled .50-caliber

weapon designed for long-range accuracy. He said goodbye to his family, and he took to the wilderness seeking revenge. Hinson, nearly sixty years of age, alone, and without formal military training, soon became a deadly threat to the Union. A Confederate sniper, he made history after single-handedly bringing down an armed Union transport and serving as a scout for Nathan Bedford Forrest. A tenacious and elusive figure, Hinson likely killed more than one hundred Union soldiers, recording the confirmed deaths on the barrel of his rifle with precision. Despite the numbers of men sent to kill him, Hinson evaded all capture, and like his footsteps through the Kentucky and Tennessee underbrush, his story has been shrouded in silence--until now. The result of fifteen years of research, this remarkable biography presents the never-before-told history of Jack Hinson, his savage war on his country, and the brutal cost of vengeance.

"Teachers' bulletin", vol. 4- issued as part of v. 23, no. 9-

Psalm CXXV to CL Page Publishing Inc

When a young Lutheran

pastor named Johann Christoph Blumhardt (1805-1880) interceded for a tormented woman in his village, he got more than he reckoned for. "We've seen enough of what the Devil can do", he told her. "Now let us see what God can do". But would one man's simple faith hold out against the onslaught of occult forces that began to reveal themselves? Two years later the enemy, defeated, howled, "Jesus is the victor!" and fled. Nothing would ever be the same in Mottlingen, Blumhardt's rural parish in the Black Forest. The palpable nearness of God -- and the reality of the great cosmic battle between good and evil -- was in many ways reminiscent of apostolic times. Sick and disabled people were healed, mental illness vanished, and stolen goods were returned. Murders were even solved, and broken marriages restored. Marked by the transformation of lives and relationships, yet devoid of exaggerated emotionalism and religiosity, the revival spread like a quiet tide, beyond the Black Forest, throughout Germany, and even farther, despite the efforts of a cynical press

and Blumhardt's nervous ecclesiastical superiors. To those who despair over the spiritual poverty of contemporary Christianity, this book offers quiet but bold assurance that God can work as powerfully in our time as he did in his. *American Quarterly Church Review, and Ecclesiastical Register* Macmillan
In his provocative and compelling new book, America's most widely read and most influential commentator casts his gimlet eye on our singular nation. Moving far beyond the strict confines of politics, George F. Will offers a fascinating look at the people, stories, and events--often unheralded--that make the American drama so endlessly entertaining and instructive. With Will's signature erudition and wry wit always on display, *One Man's America* chronicles a spectacular, eclectic procession of figures who have shaped our cultural landscape--from Playboy founder Hugh Hefner to National Review founder William F. Buckley Jr., from Victorian poet Henry Wadsworth Longfellow to Beat poet Lawrence Ferlinghetti, from cotton picker--turned--country

singer Buck Owens to actor-turned-president Ronald Reagan. Will crisscrosses the country to illuminate what it is that makes America distinctive. He visits the USS Arizona memorial in Pearl Harbor and ponders its enduring links to the present. He travels to Milwaukee to celebrate the hundredth anniversary of an iconic brand, Harley-Davidson. In Los Angeles he finds the inspiring future of education, while in New York he confronts the dispiriting didacticism of the avant-garde. He ventures to the Civil War battlefields of Virginia to explore what we risk when we efface our own history. And on the outskirts of Chicago he investigates one of the darkest chapters in American history, only to discover a shining example of resilience and grace—the best the country has to offer. Will's wide lens takes in much more as well—everything from the “most emblematic novel of the 1930s” (and no, it is not about the Joads) to the cult of ESPN to Brooks

Brothers and Ben & Jerry's. And of course, One Man's America would not be complete without the author's insights on the national pastime, baseball—the icons and the cheats, the hapless and the greats. Finally, in a personal and reflective turn, Will writes movingly of his thirty-five-year-old son Jon, born with Down syndrome, and pays loving and poignant tribute to his mother, who died at the age of ninety-eight after a long struggle with dementia. The essays in One Man's America, even when critiquing American culture, reflect Will's deep affection and regard for our nation. After all, he notes, when America falls short, it does so only as compared to “the uniquely high standards it has set for itself.” In the end, this brilliantly informative and entertaining book reminds us of the enduring value of “the simple virtues and decencies that can make communities flourish and that have made America great and exemplary.”

The True Story of the Vietnam War and One Man's Sufferings Pelican

Publishing

The story of one man's life experiences. Told through the voices of his squad members. Each is a reflection of his personal traits.

The Awakening Taylor Trade Publishing

This is a harrowing true story of how one man overcame a near-death experience and lived to tell about it. He fought every day with his wife and children by his side. Relearning everything from speaking to feeding himself, his wife never gave up hope. No matter what the cost, his wife would do it to make sure that he was well taken care of. She spent many sleepless nights wondering when he would be coming home. Balancing a full-time job, family, discord and her husband clinging to life, and kids, she was at her wits end and needed all the support she could get. Reluctantly she moved her mother-in-law in with her. Would her husband make a full recovery? Would life return to normal? That and many other questions still remained unanswered.
