Being active is fundamental to a person's sense of physical and mental wellbeing, and the need to engage in purposeful and meaningful activity does not diminish with age. However, common effects of ageing, such as reduced vision and hearing, arthritis, dementia, and in some cases social isolation, can affect an older person's ability to participate in therapeutic and recreational activities. Introducing the concept of PIE (Planning, Implementation and Evaluation), this practical resource will enable professionals working with older people to initiate and

run successful activity-based programmes with their clients, either individually or in groups. The authors guide the reader through the processes of group and individual work, and provide step-by-step instructions for a range of activities, including arts and crafts, music, drama, movement, relaxation, reminiscence, and day-to-day tasks such as taking care of personal hygiene and preparing food and drinks. The book also describes the importance of assessing and evaluating activity-based work, with examples of completed evaluation and assessment forms. Useful case studies and self-reflective activities for the facilitator are included throughout. This book will be an

invaluable for occupational therapists, creative arts therapists, health and social care practitioners and all other professionals working with older people.

Rise Above is a detailed description of one man's journey of conquering adversity. You will read how the writer survived a near-fatal motor vehicle accident, which resulted in three skull fractures, a bruised brain, an eight-day coma and having to relearn how to walk and talk - made all the more challenging by a

lingering speech impediment acquired in childhood. Stuttering is an awful burden for a person to carry throughout life. Children can be cruel. The writer's utmost fear, speaking in public, would one day be an ally and allow him to present programs extensively throughout the United States. This book is not about surviving adversity. It's about thriving beyond adversity. Greg Little, a nationally renowned speaker and motivator, has presented to diverse groups, including health care, business and professional organizations, and educational institutions. His programs emphasize active involvement by participants. Whether

teaching professionals to cope with stress, bond as a productive group or realize their hidden strengths, his seminars and keynote addresses are hard hitting and memorable. During one of Greg's presentations, I was laughing so hard that tears were literally streaming down my face. - Dr. Ed Kesgen; Sylva, NC One of the most energized, creative and innovate presentations I have ever experienced.- Jim Brennan, National Consultant; Wilbraham, MA Dr. Greg Little is superb speaker. This is an excellent investment in continuing education - Nancy DeBolt; Torrington, WY *Here's One I Made Earlier* New Saraswati House India Pvt Ltd The younger

generation today aspires to work for multinational corporations, large organizations, or the civil services as these are more remunerative or invest them with more power. And, with the competition becoming stiffer each passing day, the ability to communicate effectively, precisely as well as acquiring communication skills has become an important determinant in getting jobs and subsequent growth and development. A plethora of books have flooded the market to capitalize on this frantic effort of the younger generation to become adept in communication and more so in technical communication. This comprehensive book on Basic Technical

Communication strives to focus on the communication skills needed by professionals. One of the major aims of this text is to enable students to acquire proficiency in the English language. Divided into five parts and 19 chapters, the text deals with the four essential ingredients of communication—reading, writing, listening and speaking skills—as well as their importance, objectives, types, and methods of improving these skills. The book also discusses how these skills can be effectively applied and provides considerable practice exercises. **KEY FEATURES :** The text is logically organized with adequate practice in each part. Gives emphasis on grammar

and pronunciation. Provides plenty of vocabulary on commonly mis-spelt words, difficult words, foreign words, and so on. This student-friendly book, suffused with practical examples, is primarily intended as a textbook for the first year students of engineering (B.Tech.) of Uttarakhand Technical University for their course on Basic Technical Communication. It will also be of immense benefit to undergraduate students and technical professionals across the country.

“Life is more fun if you play games.” — Roald Dahl, *My Uncle Oswald*
This compendium brings together a selection of the very best games. There are parlour games, travel games, trivia games, riddles, puzzles and more. Traditional family favourites

feature alongside an array of newly created games. The centrepieces of this collection are the six games: *Descriptionary*, *Just a Minute*, *Lost for Words*, *Ultimate Charades*, *Quick Draw*, and *Trivial Disputes*. In total, these six games alone include 1350 game cards (one e-reader page each). Most of the cards offer multiple gameplay options, so you can return to them again and again. These games require no set-up time, and can be instantly enjoyed with friends or family wherever you are. At Elsinore Books we pride ourselves on creating beautiful e-books, and devote great attention to formatting, and ease of navigation. This book contains a cleanly-

styled contents page that permits easy movement between games. Each game occupies its own chapter, so you can move between games by pressing a single button on your e-reader. You can view a full listing of the games inside by clicking on the preview of this book and viewing the contents page. Some of the collection highlights are outlined below: *Speaking Games* *Descriptionary*: Players aim to describe as many words as possible in a 30-second time limit. 300 game cards are included. Each card has five words, one in each of the following categories: *Places*, *Objects*, *Nature*, *Adjectives*, and *Random*. *Just a Minute*: The popular game

where players have to speak on a given topic for one minute without hesitation, repetition or deviation. 250 games cards are included. On each card players will find three topics to choose from. Lost For Words: Players face two challenges in this game: 1) To describe a given word without using any of the forbidden words listed beneath it 2) To describe a given word using no more than three words (and sometimes using only one word!) 300 game cards are included, and two challenges appear on every card. Acting and Character Games Ultimate Charades: Ultimate charades brings together elements of three games: classic charades, reverse charades, and adverbs.

It's a great game for families to enjoy together. You'll find 200 cards here, each offering a choice of three options. Players will act out the titles of films, books, songs, and TV programmes, as well as proverbs, actions, famous people, and fictional characters. Pen and Paper Games Quick Draw: A sketch-off, where artists from each team race to depict words and phrases. There are 400 drawing challenges, spread across five categories: People and Animals, Things, Creative Works, Idioms, and Challenges. Travel and Trivia Games Trivial Disputes: A general knowledge listing quiz that can be played in teams or with everyone out for

themselves. Among the things players must put in order: buildings by size, animals by weight, cars by top speed, films by box-office profits. There are 100 Cards, divided into ten games. Riddles and Puzzles. Five complete chapters from The Great Book of Riddles, also by Elsinore Books, are included in this compendium. You'll have 50 of the finest riddles, puzzles and brainteasers to make your way through. There are classical logic puzzles, lateral thinking puzzles, mathematical brain teasers, word ladders, ditloids, and illustrated coins, cups, and toothpicks puzzles. Here is one of the riddles you'll find inside: The king's two bodyguards developed an ingenious method

for assuring the king's safety. With the king standing between them, they would face in opposite directions; one looking to the west and the other to the east, but at the same time, and without the use of any reflective surfaces, they would both be able to observe the king clearly. How was this possible?

This imaginative and practical book contains a collection of ideas and games that should provide you with lots of new resources without spending a fortune. Some of the games and activities address particular communication themes, such as: listening techniques; speech sounds; vocabulary building; and friendship skills,

while others cover several areas simultaneously. The book is organised into chapters according to the major skill area being addressed, with suggestion for linked items in other chapters. To add to well-established and structured programmes of therapy that SLTs use, there are two principles that can make for better therapeutic outcomes, and on which the book is based: clients often respond more effectively if they feel that they "own" their therapy by being involved in making the materials that they will use; and therapy is improved when it is good fun, and preferably humorous. You don't need to be a great artist or

craftsman to create these games and activities, or huge quantities of spare time to make most of the items, especially if you can get organised with equipment all in one go. There is a basic shopping list to help you get started. It is a must have for all Speech and Language Therapists. It is presented in A4 wire-bound.

A Celebration of Britain's Best-Loved Radio Comedy Elsinore Books

The desire to create this book began in 1985 when the words "Help My People" were whispered in the author's ear. That began a thirty-five-year journey to determine what was meant by that phrase. It happened once more about ten years later. In the meantime, the author and his wife, as well as others, proceeded to create a consulting firm that helped client organizations do a better job to create the kind of organization culture the frontline workers mostly said they wanted. The consulting business

prospered, and the author thought for sure he was the one that the whisper was meant to help change in his dealings with his clients. That all changed! The word "my" shifted to the center of the RGBProZone—a productivity zone comprised of groups that surround an individual capable of influencing others in a positive way because they think differently, thus filling voids. The meaning shifted from the one who had whispered in the author's ear that day in 1985, to everyone having influence over others, backed by authority or reciprocal trust in the direction they were headed. The "my" pertained to the husband and the wife, the parent and

children, managers, workers, neighbors, and those with authority and those without. This book traces the step-by-step process used to begin where you are and never end. It is the over thirty-five-year history of the author and his family, friends, associates, and clients. It begins anew with a

new whisper that inspires. Most importantly, it contains a process that shifts the responsibility for change from the driver to include the driven. From organization leadership to those who work together for mutual success. Included is a ten-stage one- to three-year time line to help create a new reality.
